

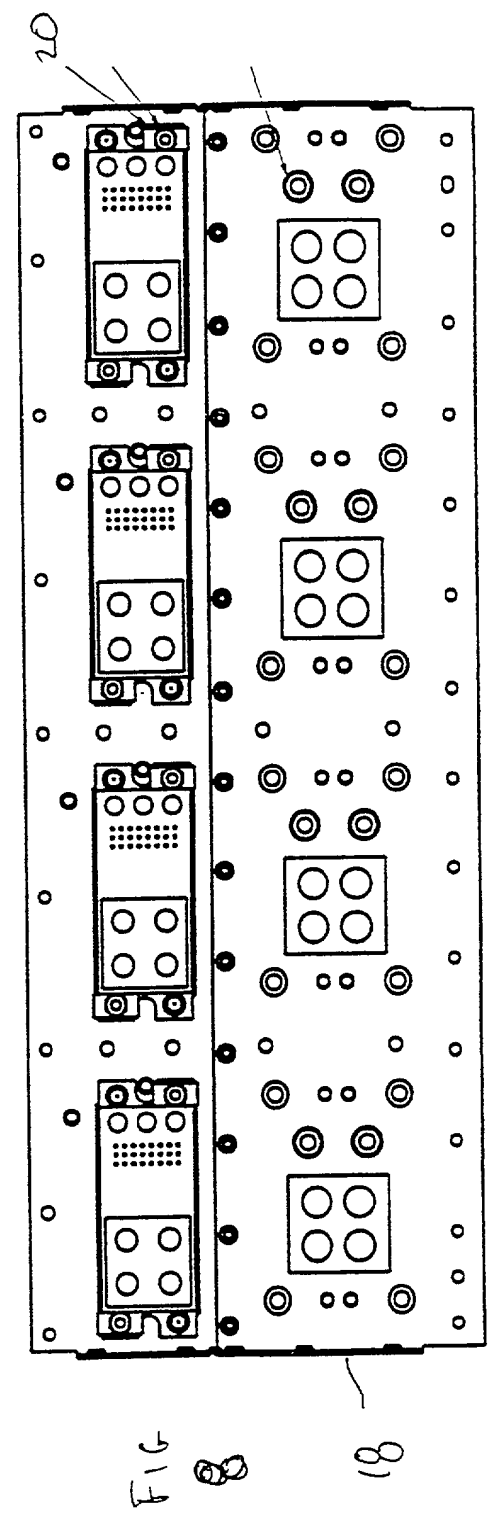

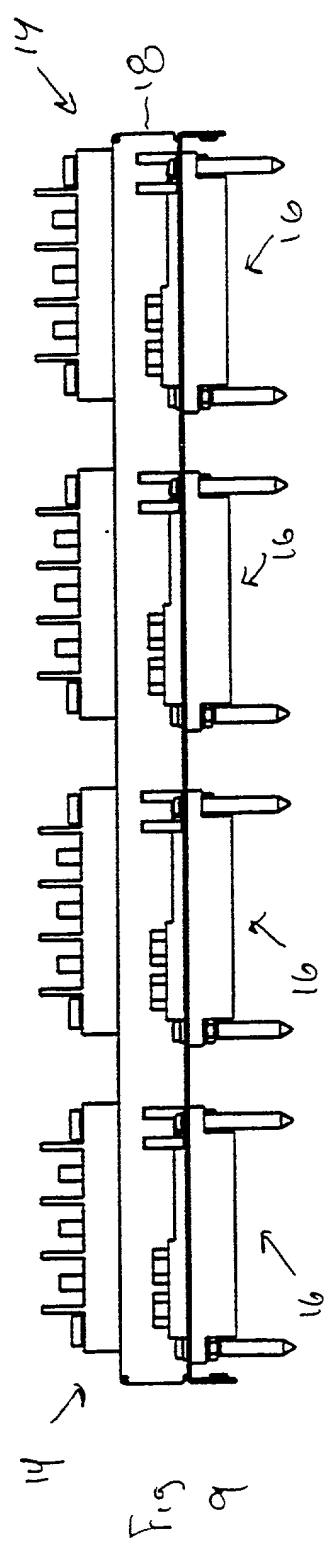

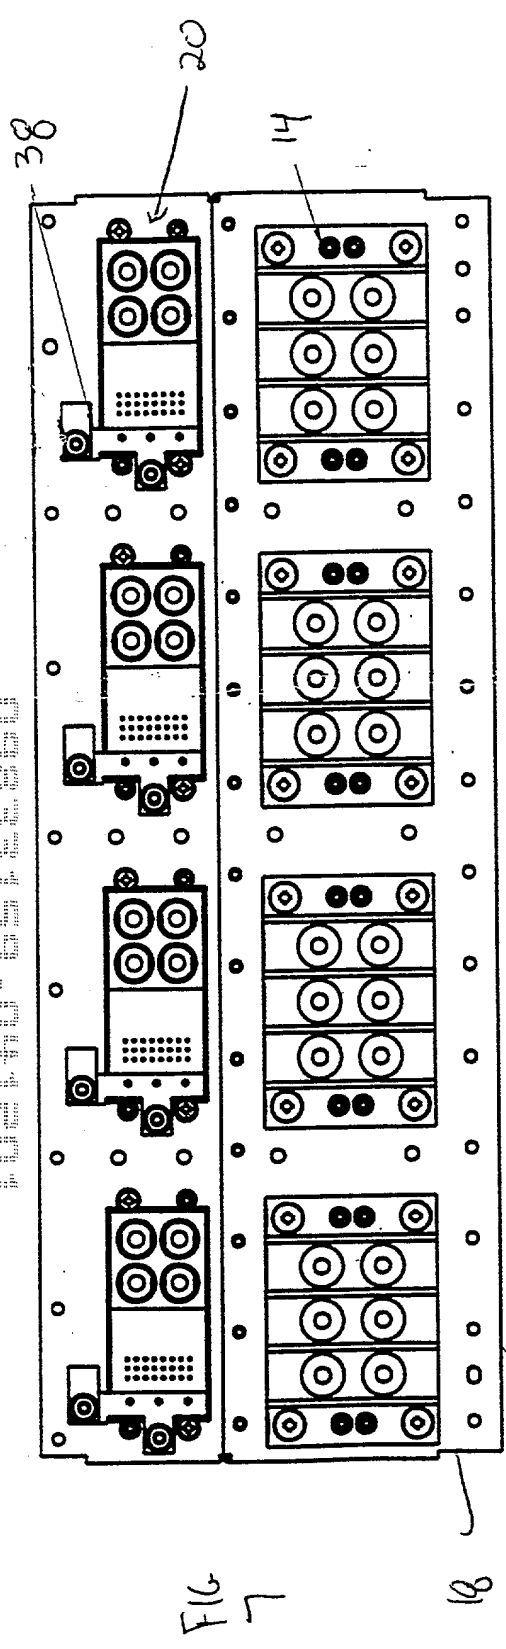

FIG. 7 is a top view of a printed circuit board 18 showing four modules 14 and 20. The modules 14 are arranged in a row, and the modules 20 are arranged in a row below them. The board 18 has a grid of mounting holes. The modules 14 have a central section with a grid of holes and four circular components on either side. The modules 20 have a central section with a grid of holes and four circular components on either side. The label 38 points to a component on the left side of the first module 14.
